

Lake County Nonprofit Executive Director Roundtable

The Lake County Nonprofit Executive Director Roundtable is designed to strengthen connections and promote collaboration and resource sharing amongst nonprofit executive directors in Lake County. The initiative is multi-faceted, offering executive directors various opportunities to engage, collaborate and build relationships. The initiative will launch in early 2025 and offerings include:

- An email listserv for executive directors to connect, ask questions, brainstorm and share resources. Sign up [HERE](#). The sign up form will remain open and new participants will be added to the listserv on a rolling basis.
- A quarterly networking breakfast to foster relationship-building and meaningful discussions.
- Over time, the roundtable will evolve to include additional offerings to meet the needs of its members, with direction determined by participating executive directors.

OBJECTIVES

- **Foster Collaboration and Build Community:** Create a safe, trusted space where executive directors can connect, share ideas and support one another.
- **Enhance Leadership:** Equip nonprofit leaders with tools, relationships and resources to strengthen their organizations.
- **Be Responsive to Partners:** LCCF is committed to providing programming that is informed by YOU. This group will provide LCCF with insight about trends, priorities and challenges facing the sector so that we can be responsive to emerging needs.

CRITERIA FOR PARTICIPATION

This opportunity is ONLY open for executive directors of nonprofits located in or that serve a significant number of our neighbors in Lake County. Please note that we have a separate listserv and opportunities available for private foundations. We ask that participants:

- Engage authentically in the listserv and/or in-person events.
- Adhere to community guidelines to ensure a respectful, confidential and supportive environment.
- Engage when it's meaningful for your role and organization. Attendance at all quarterly events is not required.

LOGISTICS

- The email listserv will launch in early 2025. Sign up [HERE](#).
- Quarterly Networking Breakfasts will launch in 2025 and will be in-person gatherings featuring light facilitated discussion and peer networking opportunities.
 - Breakfasts will be held at rotating venues in Lake County to ensure that we are reaching all parts of the County.
 - Events will be held in February, May, August and November. Specific dates and times will be shared in advance via the listserv and other LCCF communications.
