

TOGETHER, WE THRIVE

2024 REPORT TO THE COMMUNITY

THE LAKE COUNTY
COMMUNITY FOUNDATION
Growing Philanthropy. Building Community.

NOTE FROM OUR EXECUTIVE DIRECTOR

Dear Lake County Neighbors,
As your community foundation, we dedicate significant time to supporting, building and celebrating community. Throughout the year, we have witnessed the tremendous impact that can be made when a group of neighbors comes together around a shared purpose.

Please enjoy our 2024 Report to the Community, “Together, We Thrive.” This year’s theme invites us to reflect on the strength found in collaboration and unity. The stories featured here serve as a testament to the power of community and a celebration of the vital role it plays in driving meaningful change locally. They highlight lifetime legacies and newfound friendships.

At The Lake County Community Foundation (LCCF), we are committed to working with everyone who is part of our community to create a thriving Lake County for all. We recognize the unique role each of us plays in achieving this vision together and understand that this work takes time and persistence. That is why we have launched the *Campaign for a Thriving Lake County*, an initiative that fuels LCCF’s impact and ensures we remain a trusted community partner for generations to come.

Thank you for all you have done to support our community. As you continue reading, you might ask yourself, “How can I contribute toward a thriving Lake County?” Our dedicated team is here to connect with you to explore how you can get involved by partnering with us — because together, we thrive!

With gratitude,

Maggie Morales

Maggie Morales

The mission of **The Lake County Community Foundation** is to improve the quality of life of the most vulnerable residents of the county by providing civic leadership, promoting collective philanthropy and partnering with our grant recipients.

Community foundations are place-based public charities dedicated to improving the quality of life of a specific geographic area. As the community foundation for Lake County, we pool local resources and invest them back into initiatives that make our community a better place for all to live, work, learn and play for generations to come. LCCF, its donors and community partners leverage collective knowledge, creativity and resources for a greater impact than any of us can make alone.

TRANSFORMING VISION INTO ACTION

Before LCCF was established, Adeline (Addie) Morrison envisioned the role a community foundation could have in Lake County.

“My journey with this work started 30 years ago when I sponsored a class of sixth graders in North Chicago,” Addie recalled. “I volunteered to drive students to and from Lake Forest Academy and saw firsthand the inequities in North Chicago compared to my home community.”

Determined to act, Addie, fellow co-founders Jerry Fox, Bob Reusché and others, gathered around her kitchen table to conceptualize a community solution. With the support of many friends, neighbors and fellow community members, LCCF was established in 2003 as an affiliate of The Chicago Community Trust (the Trust).

“Over the past twenty-plus years, The Lake County Community Foundation has built the sense of community, connection and trust that enables them to react in a time of crisis or need, such as they did during the pandemic.

I’m extremely proud of the role and the visibility that the Foundation has today in Lake County as a go-to place for bringing people together to create community solutions.” Addie shared.

After 18 years of driving progress, LCCF launched its *Campaign for a Thriving Lake County* to establish permanence as part of a planned separation from the Trust. This major milestone marked the next phase in LCCF’s growth. In honor of their mother’s founding legacy and commitment, Addie’s daughters, Amy, Helen, Lois and Margot, generously established a \$1 million matching gift opportunity for the campaign. Amy, a current Board member at LCCF, serves on the Campaign Cabinet.

“We are so proud of our mom,” her daughters shared. **“She stepped out of her comfort zone, opened her eyes to needs and took action. She followed through on her vision until it was implemented. Her legacy is one of persistence and passion and that legacy will live on in perpetuity through LCCF’s work. We are deeply grateful to our mother for being a leading force for change.”**

Addie Morrison (center) with her daughters (left to right) Helen Morrison, Amy Heinrich, Margot Brinley and Lois Morrison.

Thanks to the tremendous support of volunteers, donors and community partners, LCCF now operates as an independent community foundation and has grown to steward 54 funds totaling over \$25 million. Over \$15.1 million has been invested in Lake County's nonprofit sector since its inception.

A vision or an idea is only that until people act upon it. And it's important to recognize that people, joining together, can create change."

**Addie Morrison,
Co-Founder, LCCF**

"I'm very happy to reflect on the joy that comes from watching The Lake County Community Foundation grow and become a leading force in the county to help take care of its own," Addie shared. "So many have caught the vision and carried it forward to where the Foundation is today to make this dream a reality."

CAMPAIGN FOR A THRIVING LAKE COUNTY

INVESTING IN OUR COMMUNITY'S FUTURE

In 2021, LCCF launched the *Campaign for a Thriving Lake County* to ensure our community has a permanent charitable entity dedicated to tackling our toughest challenges.

Together with our community, LCCF has strengthened our endowment to ensure we can continue to serve donors, fund nonprofits, build innovative programs and bring people together around issues and solutions in perpetuity.

Just like planting a seed, endowments can grow from a small fund into a mature investment that can provide the resources to make Lake County a better place for all... **FOREVER.**

A SHARED FOCUS ON LASTING IMPACT

Schreiber Philanthropy works to inspire hope by supporting the well-being and economic mobility of all people in the Chicagoland region with a particular focus on Lake County. It was through this commitment that Schreiber Philanthropy first collaborated with LCCF as a grantee partner in 2005.

“We raised our children in Lake County, but we recognize that not all families and individuals in the area are afforded the same access to critical resources and opportunities,” shared John and Kathy Schreiber, co-founders of Schreiber Philanthropy. **“As one of the largest and most diverse counties in the state, more individuals and families should benefit from all Lake County has to offer.”**

In 2020, the partnership between Schreiber Philanthropy and LCCF deepened considerably as the pandemic exacerbated the existing inequities within Lake County. Schreiber Philanthropy valued LCCF’s capacity to quickly convene and mobilize resources to address current and emerging community issues.

“The Lake County Community Foundation’s ability to identify leaders, provide a platform, connect interested stakeholders and ask tough questions has been invaluable to our grantmaking and our relationship building,” shared Whitney Smith, CEO of Schreiber Philanthropy. “We are better equipped to do our jobs because we have such strong partners in LCCF.”

In alignment with their belief that by investing in individuals and families today, future generations will lead more fulfilling lives, Schreiber Philanthropy recently made significant investments in LCCF’s *Campaign for a Thriving Lake County* to ensure LCCF can continue improving the quality of life for all Lake County residents and effectively respond to the community’s most urgent needs.

CAMPAIGN FOR A THRIVING LAKE COUNTY SUPPORTERS AT LCCF'S 20TH ANNIVERSARY CELEBRATION

WHERE YOUR GENEROSITY LIVES IN PERPETUITY

LCCF is your partner in creating a meaningful, lasting legacy. The Lake County Legacy Society honors the individuals and families who commit a gift to LCCF in their estate plans. Charitable gift planning with LCCF allows you to preserve your family name, honor loved ones and minimize tax burdens while ensuring your influence and intentions remain intertwined with the community for generations to come.

THANK YOU TO THE GENEROUS INDIVIDUALS AND FAMILIES IN THE LAKE COUNTY LEGACY SOCIETY.

LCCF IS YOUR PHILANTHROPIC PARTNER

JAMES & MADELEINE McMULLAN FAMILY FOUNDATION CHARITABLE FUND

Partnering with LCCF gives you access to our team's expertise in local nonprofits, fund management and gift planning to simplify your philanthropic giving and create an impactful legacy.

When Carlette McMullan and John Gibbons moved to Lake County, they sought ways to make a difference in their new community. Inspired by Carlette's parents' foundation, The James and Madeleine McMullan Family Foundation, they recognized that participating in local philanthropy was key to driving change. After meeting with LCCF, they learned a donor-advised fund (DAF) at LCCF would streamline their giving.

Through their DAF, Carlette and John have gained access to LCCF's invaluable local knowledge, resources and nonprofit partnerships. Our due diligence process ensures their donations support organizations with measurable impact and our tailored reporting demonstrates how their giving is driving progress locally.

The family looks forward to continuing their partnership with LCCF as their daughter joins the family's foundation, ensuring their legacy continues across generations.

Considering a foundation or other options? LCCF can partner with you to amplify your impact. [Connect with us to explore alternatives that support your philanthropic goals.](#)

The LCCF team has been instrumental in helping us identify organizations that align with our interests. Their deep connections with local nonprofits make a huge difference in ensuring our contributions create real, lasting change."

**Carlette McMullan,
Fund Advisor**

LOCAL INVESTMENTS

CCF's community grants support Lake County organizations that address issues strategically and thoughtfully such as early childhood education, animal welfare, leadership development and general community needs.

Business Growth Initiative)

BUILDING PATHWAYS TO ECONOMIC SECURITY

CCF recognizes that economic insecurity affects every part of community life—health, education and family stability. Through our Economic Justice pillar, we are uplifting voices, providing resources and driving transformative local economic growth.

SMALL BUSINESS GROWTH INITIATIVE (SBGI)

Small businesses are more than storefronts; they're job creators, economy builders and cornerstones of community resilience. In partnership with Allies for Community Business (A4CB), we have championed 13 small businesses in Waukegan since the program's inception in 2021.

Together, we have achieved the following:

- \$435,000 in grants directly invested into the community
- Personalized coaching from A4CB experts
- Provided peer learning, networking and growth opportunities

SMALL BUSINESS GROWTH INITIATIVE

Building for the Future with Community

The 2024 SBGI Cohort:

[Glam'd By J&S](#)

[Hair Culture, Inc.](#)

[Pope's Florist & Gifts](#)

[The Raw Juice Bar](#)

[Universal Auto Care](#)

[WWM Fitness](#)

A VISION FOR BROADER IMPACT

In 2025, SBGI will expand to North Chicago with plans to support 19 small businesses for a total of \$570,000 across Waukegan and North Chicago. By nurturing local entrepreneurship, our Economic Justice pillar helps strengthen the backbone of our communities—small businesses.

EMPOWERING COMMUNITIES TO SHAPE THEIR FUTURE

LCCF's Community Ownership pillar envisions neighborhoods where residents have the power, resources and opportunities to heal and create lasting solutions for their communities.

A powerful example was the effort to convert Gurnee's Fairbridge Inn into a fixed-site shelter for individuals experiencing homelessness, led by **PADS Lake County** and community members in the spring of 2024.

When Ben and Susan Squires attended a PADS presentation about the proposed shelter, they saw more than just a building — they saw an opportunity for neighbors to unite and create a solution that would serve the entire community. Ben, a local pastor, rallied faith communities while Susan mobilized friends and allies. What began as a small initiative grew into a dynamic network. Candy, a social media expert, spread the word online; Laurie, a communications strategist, crafted compelling narratives; and longtime advocates like Mark and Rose engaged their networks to build support. LCCF supported this effort through a micro-grant to further amplify the group's collaboration.

Though the proposal wasn't approved, **The Lean Inn Team** sparked vital conversations about housing in Gurnee. The group continues to meet and work toward solutions.

"We believe in loving our neighbors as ourselves," Ben said. "A fixed-site shelter could be a cornerstone in making homelessness rare, brief and non-recurring in our community."

This movement embodies the spirit of Community Ownership, showing how neighbors can come together to address challenges and initiate change. While the journey isn't over, The Lean Inn Team demonstrates the transformative power of communities leading the way.

ADDRESSING URGENT NEEDS TO STRENGTHEN COMMUNITIES

LCCF's Rapid Community Response pillar mobilizes for urgent community needs by investing in organizations providing immediate assistance while working to address the root causes of these issues.

A key initiative under this pillar is the **Crisis Relief Fund**, Lake County's only permanent fund set up to respond to urgent needs like the COVID-19 pandemic and violence prevention efforts.

COMMUNITY PARTNER SPOTLIGHT: LEGACY REENTRY FOUNDATION

Founded by George and ReGina Moore, the **Legacy Reentry Foundation** (Legacy) in Waukegan turns lived experiences into impactful action, creating pathways for prevention, healing and opportunity. Supported by LCCF's Crisis Relief Fund, Legacy addresses violence prevention and reentry challenges with urgency and heart.

Legacy's holistic approach combines youth engagement, reentry services and violence prevention programs to help justice-impacted individuals rewrite their narratives and embrace second chances.

Drawing from the lived experiences of its team and community, Legacy addresses violence through multifaceted strategies and is changing perceptions of justice-impacted individuals, particularly in suburban communities where stigma can hinder progress.

As ReGina and George explained, "We understand that there is always a root cause for violence which takes time and commitment to uncover. We are committed to doing the work, no matter how long that process takes."

LCCF remains committed to empowering organizations like Legacy Reentry Foundation to foster transformation in Lake County.

A COLLECTIVE APPROACH TO IMPACT

Community Giving Funds unite donors with a common mission, allowing them to pool resources and amplify their impact. These funds can support specific communities, address pressing issues or serve affinity groups. Unlike a foundation, a Community Giving Fund at LCCF lowers administrative burden while offering greater flexibility, local expertise and opportunities for collaborative giving. The [Community Fund of Lake Forest](#), LCCF's first such fund, is a prime example.

COMMUNITY FUND OF LAKE FOREST
GIVING AND GROWING TOGETHER

Lake Forest resident Bruce Grieve recognized the growing needs within his community, from addiction and mental health challenges to domestic violence, human trafficking and an aging population. Noticing that local nonprofits worked tirelessly to meet these needs but struggled with annual fundraising, Bruce was inspired to launch a Community Giving Fund to provide a sustainable funding source for these organizations.

Bruce then approached fellow resident Bill Andersen who enthusiastically supported the idea. From there, George Pandaleon and Marleana Cross signed on to formally establish the Community Fund of Lake Forest to address the real, often overlooked issues impacting their community.

“Given the relative well-being of Lake Forest, there’s a misconception that we’re immune to the common challenges facing communities across the country. In reality, we have residents dealing with mental illness, loneliness, age-related diseases and even poverty,” said Bruce, the Fund’s first board chair. “Our goal is to build an endowment that provides lasting support for the nonprofits serving Lake Forest, ensuring they can better focus on their mission rather than constant fundraising.”

With LCCF’s guidance, the Community Fund of Lake Forest is paving the way for impactful, sustainable giving that meets the community’s unique needs.
