

# 2026 GRANT MAKING GUIDELINES

## NEW IN 2026

Beginning in 2026, the Lake County Community Foundation (LCCF) is implementing several important updates to our grantmaking process. These changes are designed to enhance stability, coordination and responsiveness in how we support our nonprofit partners and the broader Lake County community.

- **New Two-Year Grants:** Starting in 2026, all Growing Communities funding will be two-year general operating grants—we anticipate awarding six to seven grants. This approach is designed to provide greater stability and flexibility for nonprofits serving our community. *Note: Two-year grants will only be available within the Growing Communities priority area. Additional details can be found on page 3.*
- **All Grantmaking Now Occurs in the Spring:** Beginning in 2026, **all funding proposals across LCCF's priority areas**—Growing Communities, Early Childhood Education, Animal Welfare, Capacity Building and Leadership Development—will now be **reviewed and awarded during a single annual Spring Cycle**.

Since the 2025 Animal Welfare and Leadership Development grants were disbursed in November 2025, we will not reopen these priority areas in Spring 2026. Instead, they will reopen in Spring 2027. While it may seem like we are skipping these priority areas, this is simply a six-month delay to align with our spendable balance requirements.

- **Community Response Grants:** To remain adaptable to the evolving needs of the Lake County nonprofit sector, the Foundation is committed to flexible and responsive grantmaking that addresses emerging community priorities and challenges. Within the Spring Cycle, the Foundation will provide three to four one-year Community Response Grants. **These grants are by invitation only and availability is contingent on available financial resources.** Additional details can be found on page 3.
- **Relaunch of the Capacity Building Priority Area:** LCCF is relaunching the Capacity Building priority area in Spring 2026 to further strengthen the infrastructure and sustainability of local nonprofit organizations. Additional details can be found on page 4.

While we don't plan to disburse Leadership Development grants in 2026, if you have an idea during this time, please connect with us to chat.

## PROGRAM & COMMUNITY INVESTMENT STRATEGY

In 2022, LCCF implemented a [Program & Community Investment Strategy](#) to guide the Foundation’s work and priorities over the coming years. The strategy is guided by the principles of [trust-based philanthropy](#), [equity](#) and [addressing root causes](#). Much of what we have historically funded falls within this framework. In our grantmaking, we will prioritize applications that align with one or more of the three pillars of [Economic Justice](#), [Community Ownership](#) and [Rapid Community Response](#).

LCCF recognizes the important contributions of grassroots community-based organizations, particularly their lived experience and deep community knowledge. We define grassroots organizations as those located within the community and led by individuals connected to the issues they address. These organizations play a key role across the sector and LCCF commits to ensuring their inclusivity in our grantmaking and processes.

The chart below indicates where our funding opportunities fall within these pillars:

ECONOMIC JUSTICE	COMMUNITY OWNERSHIP	RAPID COMMUNITY RESPONSE

This restricted fund was established in 2010 with the purpose of promoting early childhood education across Lake County.

Grant funds are prioritized for work that:

At LCCF, we recognize that capacity-building grants are a critical tool in supporting nonprofit sustainability, efficiency and growth. Read more about this priority area [here](#).

These grants are intended to support one-time organizational costs and expenses; no recurring salaries, fees, or ongoing costs will be considered. Receiving a capacity building grant does not preclude your organization from applying for or receiving funding in the Growing Communities priority area—you may apply for and receive grants in both priority areas.

## 2026 GRANT CYCLE PROCESS AND TIMELINE

## ABOUT THE LAKE COUNTY COMMUNITY FOUNDATION

### MISSION

The mission of The Lake County Community Foundation is to improve the quality of life for residents of the county by providing civic leadership, promoting collective philanthropy and partnering with our grant recipients.

### VALUES

LCCF, honoring a century-old tradition of community philanthropy, awards grants to nonprofit organizations that are addressing the most pressing needs of residents in our county. As a community leader and steward of donor resources, the Foundation believes that large-scale social change requires broad, cross-sector coordination versus isolated intervention. Recognizing that successful grant-making is rooted in clearly articulated values.

### DIVERSITY STATEMENT

The Foundation believes that the diversity of our community is a fundamental strength of our region. Our mission to improve the quality of life for the most vulnerable residents of Lake County is best fulfilled when we embrace diversity as a value and a practice. We define diversity to include (but not limited to) age, disability status, economic circumstance, ethnicity, gender, race, religion and sexual orientation.

LCCF requires all applicants to either have an adopted diversity statement or to adopt the Foundation's Diversity Statement if there is not one in place. Additionally, the Foundation asks that applicants provide demographic data on board and staff as well as clients/beneficiaries of the projects. The Foundation believes that the board and staff composition of grant recipients should reflect the diversity and demographics of the community being served and include diversity among its leadership at the board and senior staff levels to ensure variation of perspective across all decision-making levels. For this reason, the Foundation does take into consideration the demographic make-up of the board, staff and clients of a grant applicant as an important evaluation criterion.
